

10" Hanging Baskets - Assorted Colors. Unfortunately we cannot offer a choice of color.

\$36.00 each

BEGONIA

Non Stop Begonias have proven performance outside in semi-shaded areas. With fully double flowers and bright color, this variety of Begonia has a nice mounding habit and is fairly wind resistant.

\$36.00 each

MILLION BELLS (CALIBRACHOA)

Although Calibrachoa loves bright sun and heat, it will perform well in both full sun and indirect sun. This is a trailing variety that will produce hundreds of flowers. Calibrachoa will continue blooming up to the first hard freeze.

\$36.00 each

PANSY

Pansies are generally very cold hardy plants surviving freezing even during their blooming period. These plants grow well in sunny or partially sunny conditions. Pansies bloom spring through early summer.

\$36.00 each

PETUNIA SUPERTUNIA

Supertunia's remain attractive from spring planting until the first frost in fall. The plants grow upright, yet also cascade. Supertunia's like full sun and grow compact and uniform.

\$36.00 each

TOMATO – RED PROFUSION

This trailing tomato produces many pop in your mouth fruits. They grow rapidly all over the plant and its shape is ideal for growing in a large hanging basket.

12” Hanging Basket

\$46.00 each

MIXED PREMIUM ANNUAL – 12” Hanging Basket

Our premium mixed baskets are an assortment of 3 varieties of plants that complement each other. These have been picked to grow nicely together in a sunny location. This picture is of one assortment, but they are all different combinations. No choice of color or combination.
